

Important information regarding the #Obstacles4Play Challenge

The #Obstacle4Play Challenge (the “Challenge”) is a voluntary activity undertaken to promote the charitable purposes of Childhood Cancer Foundation (“CCF”) and specifically to raise funds to support play services on St John’s Haematology/Oncology Day Unit at Children’s Health Ireland at Crumlin. As with any activity, there is a risk of injury from participating in, or acting as a spectator. Participants in and spectators to the Challenge are advised to carefully consider any health issues, environmental/location concerns and other factors and/or unforeseen hazards that might adversely impact their ability to undertake the Challenge safely.

CCF has no control over the actions of Participants or spectators to any Challenge, the location in which the Challenge is undertaken or how it is conducted. The Participants (and Parents where children are the Participants or spectators) are solely and exclusively responsible for and accept all liability for any loss or injury sustained by Participant(s) or spectators howsoever arising from or in relation to the Challenge, and therefore agree to indemnify, hold harmless and agree not to sue CCF and/or its representatives for any such loss or injury.
